

## The Amy C. Stevens Life Through Leadership Scholarship Awards

SmartDrive is proud to partner with the Amy C. Stevens Scholarship Foundation to honor Amy's life and memory with \$500 "Life Through Leadership" scholarship opportunities for one high school student each in New Castle County and Kent County, Delaware. We aim to harness the power of peer to peer influence to develop students as 'change agents' to educate Delaware's youth on the importance of safe driving for drivers and passengers so that we will save precious lives by avoiding crashes and the devastation that they can cause.

## Here's how it works...

We're asking you to use your powers of leadership and persuasion to educate your friends and fellow students on:

- The incredible responsibility a driver assumes each and every time he or she gets behind the wheel.
- The importance of being a conscientious passenger.
- The skills and 'voice' to negotiate getting out of the vehicle safely when a passenger feels he or she is in harm's way.

We want your entry to explain to us::

- Your plan for effectively spreading those messages to your friends and peers in your school, including the key messages that you want them to hear about driver and passenger safety.
- How you actually executed your plan in your school: posters, emails, letters, prizes, etc.
- The results of your project: How well did they get the message? How are they changing their actions? What was their feedback?

Send your entry to <a href="mailto:pete.booker@smartdriveusa.org">pete.booker@smartdriveusa.org</a>. Please Put "Life Through Leadership" in the subject line. You can also get answers to your questions at that address. Or mail your entry to:

"Life Through Leadership"
The SmartDrive Foundation
P.O. Box 8336
Wilmington, DE 19803

Entries must be received by April 30, 2017. The award committee will select each winner and the scholarships will be awarded in May 2017.

## About Amy:

On October 28, 2010, St. Georges Technical High School and an entire community grieved for the loss of Amy Christine Stevens in a tragic car accident. Amy was only 16, a junior and an exceptional soccer player, earning the All-State team in her sophomore year. She also excelled in Field Hockey, earning a place in the third team All-State team. In addition, Amy excelled in the classroom, she was an Honor Roll student, with a 4.0 grade point average. As a junior in the Nursing program, she was already taking college classes. Her future seemed limitless and promising.

Help us honor Amy... Help us save lives!
